

Help students with special needs succeed, using multisensory programs that support differentiated instruction

Big Leap™ Special Education Program

PreK–Grade 2

Engaging multisensory program that supports IEP goals and early intervention strategies

2007 SIIA
//CODiE//
FINALIST

This interactive early literacy program supports special educators with teaching strategy cards, IEP progress reporting tools, and content that works with existing classroom programs.

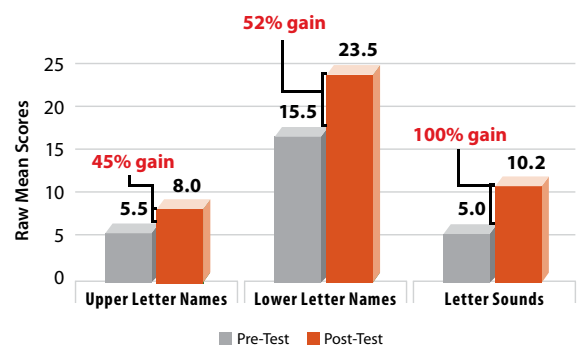

- Supports multiple learning modalities with engaging content and multisensory components
- Provides students with opportunities for individualized instruction and immediate feedback
- Enables early intervention through assessment, student progress reports, and personalized learning paths
- Tracks student IEP goals with progress reporting tools through **Link to Lessons** software

LeapFrog SchoolHouse programs meet IDEA and Title I funding requirements.

Research shows:

In a seven-week study in Pinole, CA,¹ students in grades K–1 with severe learning challenges who used LeapFrog SchoolHouse products learned key early literacy skills, spent more time on task, and demonstrated greater focus.
