

LeapTrack® Reading Pro Grades 3–8

Research-based, engaging reading instruction and targeted intervention for struggling readers

This reading intervention program for struggling readers, one of the programs in the LeapTrack system, features high-interest, nonfiction content that motivates readers at multiple readability levels.

- Increases students' desire to read and provides motivation with interactive, multisensory instruction
- Develops reading comprehension, critical word-work knowledge, and vocabulary skills through targeted, individualized instruction
- Offers a flexible, self-paced model and teaches strategic personal tutoring skills
- Includes award-winning Read-It-All™ interactive books and portable personal learning tools (PLTs)
